Subject: Clean Ohio Conservation Fund Grant Letter of Support

Theresa,

We want to add support from Wendy Park Foundation to your grant request purchasing The Commodore's Club on the Cuyahoga River. The rowing activity and other water born sports envisioned in your plan would be an excellent use of this property and would serve as an amenity to both the residential communities that are being developed downstream, as well as for the Towpath Trail that will be terminating near The Commodore Club site.

The Wendy Park Foundation has been active in supporting a connector to the Towpath Trail that would be directly across the river from The Commodore Club site, but would have an easy connection across the adjacent bridge.

Best of luck in obtaining the funding necessary for this worthy project.

Sincerely,
Dan T. Moore
Chairman
